

NEW **FREE** SERVICE FROM P•A•S FOR YOUR EMPLOYEES

A number of our clients have expressed their concern regarding their employees who are facing difficult financial obstacles during these tough economic times. Since the stress these type of situations can cause will ***negatively impact an individual's general morale and work performance, we'd like to offer our retainer clients a free service*** that will assist their employees in this area.

P•A•S Associates has ***partnered with Citibank***, the world's largest financial institution, to offer your employees solutions to their financial needs. This assistance can come in the form of ***on-site seminars***, financial consultation or ***individual assistance*** with our Personal Banker at the local branch on California Avenue.

FINANCIAL EDUCATION SEMINARS INCLUDE:

- Debt Management
- Understanding and Improving Your Credit Score
- Preventing Identity Theft
- Budgeting for a Better Future

The timeframe of each topic can range from ***15 minutes to 45 minutes***...perfect for ***staff meetings, lunch and learn*** or ***after-work sessions!*** And...our Personal Banker ***can be available at your location during the noon hour or shift change*** to meet employees individually, if desired.

If you're interested in offering this service to your employees, contact Holly Culhane at (661) 631-2165 or Lindsey at (661) 979-6411.
