

Let's Put a Stop to Harassment

The State of California continues to mandate **two hours of bi-annual sexual harassment training and education for all supervisors who work for companies that engage or employ 50 or more individuals** (including temporary workers, independent contractors, and employees outside of California).

In an effort to assist companies in meeting this requirement, P•A•S Associates is providing harassment training on the dates noted below. This interactive session will not only meet State requirements, including the new "anti-bullying" requirements, but assures your supervisors understand how to recognize and prevent sexual harassment in your workplace, limit liability for you and themselves, and effectively communicate such information to your employees.

**Materials fee may apply.*
